**My-Rose.**

Graceful and tall in a garden grows  
My beautiful, crimson rose.  
Swayed by the wind that blows  
Sweet with the breath of my rose.  
'Round it, in liquid sweetness, flows  
The robin's song to my rose.  
Ove it bends the sky that plays  
With tints like the heart of my rose.  
Softly the night's still shadows close  
In silence around my rose.

Though an open door is a sudden light  
Flung out on the still, dark night,  
She stands in the glory, serene and bright,  
My queen of the summer night.  
Charmed by the darkness too deep for sighs  
She passes out into the night.  
How soft she moves, like a faint, far light.  
In her trailing gown through the night,  
And now she has bent in a swift delight  
Toward the breath of a rose in the night.

I know what the darkness holds for me  
In its still embrace,  
Though that sweet white face  
Bent over the rose, I cannot see.  
Shall I bring from the shadows into the light  
My beautiful rose,  
To blossom close  
To my beating heart to-night?

I stand by her side in the fragrant gloom,  
And, lo! on her breast,  
My rose lies blest,  
In its red and passionate bloom!  
Oh pale, lovely face, so pure and white,  
To my heart so close!  
A white and a crimson rose  
For my own I have gathered to-night.

JENNIE PIERSON.

Should be kept constantly at hand, for use in emergencies of the household. Many a mother, startled in the night by the ominous sounds of Croup, finds the little sufferer, with red and swollen face, gasping for air. In such cases Ayer's Cherry Pectoral is invaluable. Mrs. Emma Gedney, 109 West 123 st., New York, writes: "While in the country, last winter, my little boy, three years old, was taken ill with Croup; it seemed as if he would die from strangulation. Ayer's Cherry Pectoral was tried in small and frequent doses, and, in less than half an hour, the little patient was breathing easily. The doctor said that the Pectoral saved my darling's life." Mrs. Chas. B. Landon, Guilford, Conn., writes: "Ayer's Cherry Pectoral

and also the life of my little son. As he is troubled with Croup, I dare not be without this remedy in the house." Mrs. J. Gregg, Lowell, Mass., writes: "My children have repeatedly taken Ayer's Cherry Pectoral for Coughs and Croup. It gives immediate relief, followed by cure." Mrs. Mary E. Evans, Scranton, Pa., writes: "I have two little boys, both of whom have been, from infancy, subject to violent attacks of Croup. About six months ago we began using Ayer's Cherry Pectoral, and it acts like a charm. In a few minutes after the child takes it, he breathes easily and rests well. Every mother ought to know what a blessing I have found in Ayer's Cherry Pectoral." Mrs. Wm. C. Reid, Freshfield, N. J., writes: "In our family, Ayer's medicines have been blessings for many years. In cases of Colds and Coughs, we take
